

Project Management Plan

- ➔ The “entry point” to project information
- ➔ The aim of the PMP is twofold:
 - ➔ Ensuring that the project participants agree upon and share a common framework for organizing their project
 - ➔ Giving the project board the assurance that the project expectations are well understood and that everything is done to ensure the operational success of the project
- ➔ A few possible approaches depending on the project participants maturity level w.r.t. project management processes
