20	>	1	Manage the CanNet project #1																								
21		2	Manage the CanNet project #2																								
22		3	Perform the system-level design																								
23		4	Perform detailed design of the PTT System																								
24		5	Write technical specification for the PTT System																								
25		6	Prepare tendering docts for the PTT System																								
26		7	Award contract/place order for the PTT System #1																								
27		8	Award contract/place order for the PTT System #2																								
28		9	Prepare construction/installation of the PTT System																								
29		10	Prepare commissioning/acceptance of the PTT System																								
30		11	Construct/install the Tubing network																								
31		12	Construct/install the Sampling points #1																								
32		13	Construct/install the Sampling points #2																								
33		14	Construct/install the Sampling points #3																								
34		15	Construct/install the Blower system																								
35		16	Construct/install the Controls system																								
36		17	Construct/install the Cabling																								
37		18	Develop/parametrize SW for the Software																								
38		19	Test/validate SW for the Software																								
39		20	Perform detailed design of the Lab infrastructure																								
40		21	Write technical specification for the Electr. infrastr.																								
41		22	Prepare tendering docts for the Electr. infrastr.																								
42		23	Award contract/place order for the Electr. infrastr. #1																								
43		24	Award contract/place order for the Electr. infrastr. #2																								
44		25	Construct/install the Electr. infrastr.																								
45		26	Write technical specification for the Furniture																								
46		27	Prepare tendering docts for the Furniture																								
47		28	Award contract/place order for the Furniture #1																								
48		29	Award contract/place order for the Furniture #2																								
49		30	Construct/install the Furniture																								

To run the macro:

1. Put a '>' in col. A (e.g. cell A20)
2. Select cells for which activities will be generated (e.g. H2:T17)
3. Click the button

Activities listed as from row marked '>' downward

4. Adjust the labels*
5. Copy-paste the list into the project scheduling software
