

# Setting up a *proper scheduling configuration*

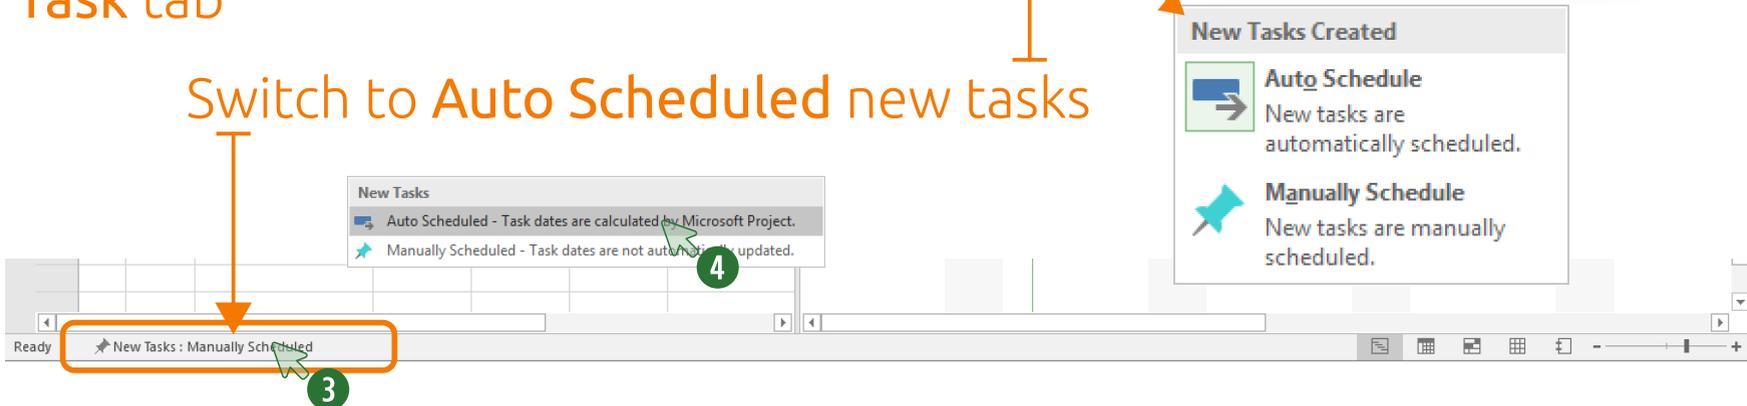

View tab

Unselect Timeline

Task tab

Switch to Auto Scheduled new tasks

## Schedule Mode

Choose whether new tasks are created without dates or are automatically scheduled to start on either the project start date or the current date.

This setting does not affect existing tasks in the project plan.

## New Tasks Created

- Auto Schedule**  
New tasks are automatically scheduled.
- Manually Schedule**  
New tasks are manually scheduled.
